Participating in the Collings Foundation's WINGS OF FREEDOM TOUR, the Boeing B-17 Flying Fortress "Nine O Nine" WWII Heavy Bomber, Consolidated B-24 Liberator "Witchcraft" WWII Heavy Bomber and P-51 Mustang, will fly into **Fort Collins-Loveland Municipal Airport in Loveland, Colorado**, for a visit from July 6th to July 8th. Local citizens will have the opportunity to visit, explore, and learn more about these unique and rare treasures of aviation history.

The B-17 is one of only 9 in flying condition in the United States, *the B-24J and Dual Control P-51C Mustang are the sole remaining examples of their type flying in the World.* Visitors are invited to **explore the aircraft inside and out** – \$12 donation for adults and \$6 donation for children under 12 is requested for access to up-close viewing and tours through the inside of the aircraft.

Bring out the kids and let the stories of The Greatest Generation live on in the memories of the next.
